Creating Reports to

- Provide feedback to students and parents
- Use with Standards Based Report Cards

The four reports I use most regularly are:

- 1. Student and Parent Letters
- 2. Response Frequency
- 3. Peer Comparison
- 4. Multiple Assessment Performance Report

#1

The Student and Parent Letter report looks like this \rightarrow

It gives an overall percent, but also a separate percent for each standard.

Student: NGLI Assessment: 2016-1 Test Date: 4/3/201	7 Vari 17	iables	CI3	attern	(928 s - W	hole 1	rest)							78.4 40 out o Ba	43% f 51 points asic

To get to the **Student and Parent Letter**:

Ē

Assessments

1. On the main screen select \rightarrow

- **3.** Choose the assessment you want to print reports for.
- **4.** Then, along the top, select **Reports**. You will see this screen.
- 5. Choose the Student and Parent Letter to use for overall results.

#2 The **Response Frequency** report looks like this:

This report shows which of the test questions or standards were <u>most missed</u>.

To get to the **Response Frequency** report:

Once you've selected the assessment you want to print a report for, along the top, click on **Reports**.

Then, choose **Response Frequency** to see which questions were most missed.

- This report shows the percent earned for each individual standard assessed.
- I use this report when filling out our standards-based report card.

To get to the **Peer Comparison** report:

1. Once you've selected the assessment, along the top, click on **Reports**.

2. Then, choose Peer Comparison.

• You can also open it up in Excel to save it and use it later when working on report cards.

#4 The Multiple Assessment Performance Report looks like this:

• Use this report to compare one assessment to another (helpful to show growth from pretest to posttest.)

To get to the Multiple Assessment Performance Report:

- 1. First, choose the assessment that is your pretest.
- 2. Then, click on **Reports** and choose **Multiple Assessment Performance Report**.

 - 4. You can choose View in browser or Download to PDF

Two other **REPORTS** you might want to use:

Student Responses

• Use this report to see the overall percent each student in your class received.

Statistics

• This report shows overall statistics (mean, median, etc.)
